

## **TERMS & CONDITIONS**

### **GENERAL WEBSITE USAGE**

When you use this website, the IP address of your internet connection (usually provided by your ISP) will be logged. This is deemed necessary in order to maintain the security of the website and services we offer. IP addresses may be retained in backup images of the server for a period of 6 months subsequent to the time they were recorded.

### **COOKIE TERMS & CONDITIONS**

Cookies are small strings of information that a website places on the user's web browser in order to identify that browser and store small amounts of (possibly unique) information. The Brent Lodge Wildlife Hospital website will set cookies that are necessary to facilitate the secure operation of the website and to allow registered users, donors and e-commerce customers to use the website for the requested purpose – for example to maintain a “shopping basket”; to complete the checkout process when making a transaction; or to login and access secure areas of the website.

Other types of cookies that may be set on the Brent Lodge Wildlife Hospital website are preferential (to customise the website to a user's preference – setting the time zone or changing the colours, for example), and social media cookies (these are often served by third-party social media sites – like when we display Facebook or Twitter buttons or feeds).

Users may refuse to consent to the use of preferential and social media cookies, at the cost of being unable to access those website features or functionality that depend upon those cookies being set.

Users are prompted to accept the use of non-necessary cookies upon the commencement of every new session in a given 7-day period. Permission for setting non-necessary cookies may be revoked at any time by simply clearing from the browser all existing cookies set by this website. Brent Lodge Wildlife Hospital does not intentionally set cookies for the purpose of tracking users for marketing or statistical collection.
